

# Go Find It

## **To prepare the cards:**

Print off the Go Find It cards.

Cut them out so you have cards with a word in them.

Laminate the cards if you wish.

## **Using the cards to learn about different descriptive words:**

Children match the words on their card to items in their environment.

Make it a race between a few children to add another element of fun.

Ask - if there are any other words that can be used to describe their item. For example is a blade of grass just slim or is it also pointy?
